Emely Aponte Tovar

SENIOR PRODUCT & UX/UI DESIGNER

Madrid, Spain · +34 611 373 411 · emely.apontee@gmail.com · emelyaponte.com · linkedin.com/in/emiikira

ABOUT ME

Senior Product Designer with **over 10 years in design, 9 of them in UX/UI and digital product**. Specialized in scalable design systems, B2B + B2C ecosystems in fintech and proptech, and AI-assisted design workflows (Claude Code + Figma MCP).

WORK EXPERIENCE

Senior Product Designer · Darient (PinsXP) · Part-time — May 2026 – Present | Madrid (remote)

- Architecture and scaling of Compass, the design system for a social app aimed at the US market: tokens, Figma variables and standardized complex components, **eliminating over 80% of design debt**.
- AI-assisted workflows with **Claude Code and Figma MCP** for tokenization, visual consistency and engineering handoff.

Freelance Product Designer · Self-employed — Jan 2020 – Present | Madrid (remote)

- **Kuara (2026):** interbank P2P payments using a mobile phone number for **five banks in Panama**. Payment flows, multi-brand design system and Storybook documentation.
- UX/UI and web design projects for clients across different industries, alongside full-time roles.

Senior Product Designer · Finaer — Nov 2024 – Mar 2026 | Madrid (hybrid)

- End-to-end design of **three connected products**: tenant app (Fivy), back office for real estate agencies (SAI) and the finaer.es website, with multi-party flows and a traffic-light solvency indicator for agencies.
- Evolution of the shared design system and definition of events and funnels in **Mixpanel and Firebase** to measure conversion and activation.

Product & UX/UI Designer · Amaris Consulting (OpenBank USA) — Jan 2024 – Nov 2024 | Madrid (remote)

- Design of the onboarding and security flows for the launch of OpenBank in the US, adapting the product to the regulatory requirements of the US market.

Product & UX/UI Designer · in99 — Sep 2022 – Nov 2023 | Madrid (remote)

- Redesign of the startup's mobile calculator with accessible components (WCAG), and behavior analysis with Microsoft Clarity to resolve friction points.

UX/UI Designer · Darient (Mercantil Banco Panamá) — Jan 2021 – Dec 2022 | Madrid (remote)

- Redesign of the mobile app and online banking for customers in Venezuela: international transfers, information architecture and usability testing with users.

UX/UI & Graphic Designer · Lookers Inbound — Jan 2019 – Jan 2020 | Santiago, Chile (remote)

Conversion-focused websites and digital assets for brands such as Viñedos Veramonte and Escape60.

UX/UI Designer · Wikot — Nov 2017 – Jan 2019 | Caracas, Venezuela

Wireframes, information architecture and interactive prototypes for digital products.

Earlier experience (2015 – 2017): digital graphic designer at Topitop (internship), La Web Mercadeo Interactivo and Seis Grados Media in Caracas, with campaigns for brands such as L'Oréal Professionnel and Ron Roble Viejo.

SKILLS

Product and design systems: end-to-end design, information architecture, usability testing, design tokens, hi-fi prototyping, accessibility (WCAG), data visualization.

Tools and AI: Figma (advanced variables, auto layout), Claude Code, Figma MCP, Storybook, Framer, Maze, Mixpanel, Jira, Notion, Adobe Creative Suite.

EDUCATION AND LANGUAGES

Higher Technician in Graphic Design · UNEXPO, Venezuela (2013 – 2016)

Languages: Spanish (native) · English (intermediate, B1/B2)
